2024
SPONSORSHIP PROPOSAL

ABOUT US

LIFE Inc. is a MS non-profit organization, established in 2018 to help create and sustain a safe environment, for everyone to develop, evolve, sow back into their communities, and build healthy partnerships and relationships that encourage a better well-being for all. Annually, we work in partnership with other organizations, serving our community, raising awareness and giving back. Partnered with The Good Samaritan Center, we feed all we can through our can food drive for Thanksgiving and every year, Christmas is made sweeter for impoverished families that we adopt to supply food, other basic needs, and toys for the children. We are grateful to serve our community and very grateful for the support we receive to continue our outreach. We count on your support; we couldn't do it without you, and we're humbled. Every year, LIFE Inc. along with Metro Pageantry and other loyal supporters like you, host 6 exciting events that stir up the community and bring them out in record numbers in unity. Every year our numbers increase and we're able to reach more!

OUR PROJECTS

Food Drive

Sweetheart Gala

Community Health Panel

Walk of a Million Faces
